

# A STRONG ECONOMY FOR A STRONG NHS

**We're building a stronger economy, and  
will increase spending on the NHS so  
everyone can get the care they need**

 [Conservatives](#) | Secure a brighter future for Britain on 7<sup>th</sup> May

# A STRONG ECONOMY FOR A STRONG NHS

**We're building a stronger economy, and  
will increase spending on the NHS so  
everyone can get the care they need**

 [Conservatives](#) | Secure a brighter future for Britain on 7<sup>th</sup> May

**Over the past five years the Conservatives have been working hard to get Britain back on its feet. By taking difficult decisions and thanks to our growing economy, we have been able to protect the NHS – providing £7.3 billion more funding since 2010.**

**Now we are committing that a Conservative government will provide a minimum of £8 billion more funding over the next five years to support and protect the NHS.**

This allows the NHS's own plan – the Five Year Forward View – to be funded in full. It will deliver better care for millions of patients, so you can be sure the care you deserve will be there when you and your loved ones need it most, now and in the future.

This extra investment and support for the NHS is only possible because we have a strong and healthy economy. Because only with a strong economy can we have a strong NHS. One that functions more efficiently and effectively, and is more patient-centred in everything it does.

**Strong Leadership. A Clear Economic Plan.  
A Brighter, More Secure Future.**
